HONORABLE DENNIS J. SULLIVAN

1966 - 1967

INAUGURAL ADDRESS

BY

MAYOR DENNIS J. SULLIVAN

MEMBERS OF OUR CITY GOVENMENT, REVEREND PAUL GAGNE, REVEREND WARREN REGAN, RELATIVES AND FRIENDS, LADIES AND GENTLEMEN:

Being comparatively new to the field of politics, I have learned that a straightforward approach is appreciated, and I have endeavored to keep that in mind in the preparation of this address.

Now embarking on a challenging tour of two years as your Mayor, I find the obstacles quite apparent, inasmuch as this inflationary period will be marked with inescapable increases. The expansion of our city brings automatic problems: Additional streets, sewerage installations, urban renewal, educational needs, etc.

I campaigned for this office with the slogan, "Be Tax Wise." To me, being tax wise means to exercise prudence in the expenditure of public funds, to seek out the wisest, most economical method to operate our local government and to avoid projects that would materially increase the city debt. I intend to bear just that in mind as I review the budget and proposed expenditures.

I think it only proper, however, that I briefly explain the financial position facing us here in 1966. We are exactly ten million, eight hundred forty-seven thousand, three hundred twenty-four dollars in debt at this time. We will have to pay $602,000 principal plus $256,686 interest on this dept in the next year alone. Any other bonds we float for school construction, the new library, etc., will be in addition to the above mentioned debt.

Now, the anticipated revenue in 1966 will have to be covered by a loan of four million dollars, and this will cost us $86,000 in interest. This interest amount has been reduced to $37,000 in the past year through investment.

The only way this can be offset is by sensible re-evaluation of all tax sources. I have a voluntary group forming to investigate means of increasing such revenue. It is beyond all question that the principle involved here is that no more tax should be collected from the people than the amount necessary to defray the expenses of a wise, economical, efficient administration; we are seeking the most practical and painless method.

This will *not* be a rush program. Every suggestion will be evaluated; you will have the opportunity to review our progress through participation or by following the releases in our local news media.

The climate is presently right for Nashua citizens to take a more active part in local government. I hope you will make it a point to get to know your own ward alderman, and, by all means, do not neglect your aldermen-at-large. They have broader powers and are not limited to ward boundaries. They also serve on the finance committee, which will assist us in seeking out the most economical means of operating your local government. Make known your desires — I suggest that you send a note or postcard to them. Telephone if you wish. My past experience as alderman of ward 7, however, compels me to advise that you do not phone them at mealtime, as one is not inclined to give full attention to compaints or suggestions as his dinner grows cold.

I expect my experience as alderman to serve me in good stead in working co-operatively with the aldermanic board. We will no doubt have our differences, but differences of opinion — honestly expressed — are the cornerstone of our democratic system of government on local, as well as state and national, levels. While it may not be perfect, it has thus far stood the test of time in its purpose: the expression of the majority.

We have an untapped source of talent right here in Nashua. Perhaps you, the people, can come up with the solution to items like re-evaluation, road repairs, school problems, recreation. There are many problems in our community and there is an answer somewhere to each. I believe that many of the difficulties in the way, which now appear formidable, will in great degree vanish once the best method is ascertained.

In Nashua we have been fortunate that we have only felt mild effects from a prolonged drought. Our neighboring communities, however, have experienced a real problem in providing water for everyday essentials. If for this reason only, we should fully co-operate with federal and state programs to stop further pollution of our rivers, brooks, and streams.

In 1955 the state water polution commission requested that we abate such pollution. At present we have an interceptor line operating in the south end and Salmon Brook area, relaying raw sewage to our sewage disposal plant located between the Improved Machinery, Inc. and the Nashua Country Club, off Sawmill Road. We also have another interceptor line in from the Lincoln Park area which is pumping sewage into a sizeable

open lagoon situated in the woods behind the Royal Business Forms plant, alongside the Nashua River. This is a temporary solution awaiting the installation of a north-east interceptor line and a northern connector line which could accommodate Merrimack, N. H.

We have been approached to connect with Merrimack. The advantage to Nashua of such a move would be the additional funds credited to us for accommodating our neighboring community, and the fact that Merrimack would have to pay a stipulated fee for the use of our facilities. I expect that Hudson will also be requesting use of our plant in the near future. They might build one of their own, but the cost is normally prohibitive to small communities.

The Sewage Plant Superintendent and the City Engineer agree that we do have the capacity to handle this additional load, as we are presently operating at one-sixth of our capacity.

The estimated cost of tying in our needed interceptor is five million dollars. This cost would be defrayed if we connected with the other communities simultaneously. It cannot be done overnight, as it is an extensive engineering problem to get the proper pitch and pump system aligned. However, top priority should be given to this problem to get the paper work started and to pave the way for the elimination of any and all lagoons in Nashua. This should be done in the interest of public health.

I have been noted for my opposition to Urban Renewal. I believe George Washington first stated that we should avoid entangling alliances. It is a current failing that we incur entangling financial alliances that tend to leave us obligated, threaten our domestic economy, and render many of our homeowners insecure.

Urban Renewal in Nashua thus far has cost $637,000. Should we continue along these lines, or should we release these areas for private enterprise to develop at no expense to the local taxpayers? Should we allow questionable progress to gut the central section of Nashua. For what purpose? — Is public parking more important than individual human rights? Is a man's home no longer his castle? Should Urban Renewal supersede these inherent privileges?

Let us allow that nothing is *all* bad. Urban Renewal could work in Nashua if the Park Street Project were limited to Park Street, and if the Myrtle Street Project were limited to Myrtle Street only. Urban Renewal is — or should be — a temporary prescription, or the cure will be more harmful than the disease!

The bridge situation is progressing smoothly. I expect before we are far into 1966 that a pattern mutually favorable to both communities will be found. From all appearances, the second bridge will be in the vicinity of the present Taylor Falls Bridge with a one-way pattern which will greatly facilitate the smooth flow of traffic between Nashua and Hudson. The State Highway Department has been very co-operative and patient.

In the area of education, I will work closely with the School Department and the Board of Education. This area represents the greatest challenge to our local economy, and unquestionably an essential one. There is now a move for a junior college which should be encouraged. However, I would like to see, as well, more emphasis on a vocational trade school. The dignity of labor cannot be denied; the necessity for it cannot be ignored. We have seen an unfulfilled demand in our community for skilled workers. If we do not take steps to remedy this situation, we will be doing an injustice not only to workers who qualify, but also to the industries who located there because of their confidence in Nashua as a site and source for their future growth. If we as a city are to continue to grow and expand, then we must assume our responsibility to provide the means for such growth and expansion.

During my administration, Nashua will be dedicated to progress which will assure the consideration and betterment of *all* citizens; *their* wishes and desires in local government will be fully explored.

In conclusion, you have not only *one* man here ready to serve you, but *sixteen*, with your welfare uppermost in their minds. I have great confidence in the ability and dedication of these men.

I have been offered the services and advice of some of the most capable men in our community; I have the prayers and well wishes of many of our citizens. I promise you that I shall make every effort to justify your confidence, and I thank you for the opportunity to try.

Thank you all for attending. I do hope that 1966 will be the best year ever for you all.

CITY GOVERNMENT 1966-1967

Front Row: Left to right — Aldermen-at-Large M. Bouchard, Arel, Gauthier, Mayor Sullivan, Aldermen-at-Large LaFlamme, Noel, Chesson.

Second Row: Left to right — Aldermen Bechard, Hardy, Barrett, Roussel, Lebel, Gormley, Jean.

Third Row: Left to right — City Clerk LeBlanc, City Treas. Benoit, Aldermen B. Bouchard, Dion, City Solicitor Lesieur.

REPORT

OF AN EXAMINATION AND AUDIT

OF THE ACCOUNTS

OF THE

CITY OF NASHUA

FOR THE FISCAL YEAR ENDED

DECEMBER 31, 1965

made by

THE DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Concord, New Hampshire

July 11, 1966

To the Mayor and Board of Aldermen

Nashua, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the City of Nashua for the fiscal year ended December 31, 1965, which was made by this Division in accordance with your request. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

The accounts and records of all city officials charged with the custody, receipt and disbursement of city funds were examined and audited. An examination was made of a sufficient number of vouchers, payrolls and cancelled checks to satisfy the requirements of accepted standards of audit procedure. Receipts were checked by source insofar as possible. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

Comparative Balance Sheets (Revenue Accounts) —

December 31, 1964 - December 31, 1965: (Exhibit A-1)

Comparative Balance Sheets (Revenue Accounts) for the fiscal years ended December 31, 1964 and December 31, 1965, are presented in Exhibit A-1. As indicated therein the Surplus decreased by $27,660.23, from $194,433.72 to $166,773.49 in 1965.

Analysis of Change in Current Financial Condition:

(Exhibit B)

An analysis of the change in the current financial condition of the City during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decrease in Surplus

Surplus Used to Reduce Tax Rate	$134,000.00	
Additional Appropriations	62,382.00	
1960 Taxes Written Off	14,362.77	
To set up Tax Overpayments Liability	1,997.23	
Tax Liens Transferred to Tax Deeds	817.68	
Abatements — Tax Titles (Prior Years)	65.10	
Bank Charges — Cash Adjustment	1.20	
		$213,625.98

Increase in Surplus

Net Budget Surplus	$178,195.78	
Prior Years' Head Tax Collections	2,875.00	
Prior Year's Overlay Closed	2,613.37	
Tax Overpayments (Net)	1,943.83	
Old Checks Cancelled	287.23	
Prior Years' Unredeemed Taxes Collected	48.54	
Tax Collector's Excess Credits	2.00	
		185,965.75
Net Decrease		$ 27,660.23

Increase in Bonded Indebtedness:

The bonded indebtedness of the City (including School debt) increased by $829,000.00, from $7,817,000.00 to $8,646,000.00 in 1965, as shown herewith:

	Bonded Debt Dec. 31, 1964	Bonds Issued in 1965	Bonds Retired in 1965	Bonded Debt Dec. 31, 1965
Sewer, Health & Sanitation Loans	$2,035,000.00	$ —0—	$150,000.00	$1,885,000.00
Public Improvement Loans	240,000.00	367,000.00	15,000.00	592,000.00
Widening Main & Water Streets	60,000.00	—0—	20,000.00	40,000.00
Parking Lot Loans	705,000.00	—0—	45,000.00	660,000.00
School Loans	4,777,000.00	1,020,000.00	328,000.00	5,469,000.00
	$7,817,000.00	$1,387,000.00	$558,000.00	$8,646,000.00

Statement of Bonded Indebtedness: (Exhibit W)

A statement of outstanding bonded indebtedness as of December 31, 1965, showing annual debt service requirements, is contained in Exhibit W.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits D & E)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1965, are presented in Exhibits D and E. As indicated therein a revenue surplus of $40,943.27, plus a net unexpended balance of appropriations of $137,252.51, resulted in a net budget surplus of $178,195.78.

Tax Collections:

Tax collections (exclusive of State Head Taxes) of the current year's levy, as compared to taxes assessed, for the years 1964 and 1965, were as follows:

	Levy of 1964	Percent	Levy of 1965	Percent
Taxes Assessed — Current Year's Levy	$6,058,039.80		$6,584,268.02	
Taxes Collected — Current Year's Levy	$5,472,335.62	90.3%	$5,907,951.13	89.7%
Taxes Abated — Current Year's Levy	40,274.18	.7%	26,413.35	.4%
Uncollected Taxes — Current Year's Levy	545,430.00	9.0%	649,903.54	9.9%
	$6,058,039.80	100.0%	$6,584,268.02	100.0%

Loan From Non-Revenue Cash:

It is noted that as of December 31, 1965, the General Fund was indebted to the Non-Revenue Cash Fund in the amount of $630,000.00. This is shown as a Liability account in the General Fund Balance Sheet (Exhibit A-1) as of December 31, 1965.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the City.

We extend our thanks to the officials of the City of Nashua and their office staffs for the assistance rendered during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the City of Nashua for the fiscal year ended December 31, 1965. In our opinion, the Exhibits included herewith reflect the true financial condition of the City on December 31, 1965, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

TO THE HONORABLE BOARD OF ALDERMEN:

Gentlemen:

Under the provisions of Chapter IV, Section 7 of the Revised Ordinances of the City of Nashua (1950), I submit, herewith, my recommendations for the necessary amount of money which should be appropriated for the several departments and other needs of the City of Nashua for the year 1965, and, for the purposes of Section 3, Part 1 of Chapter VII of the Revised Ordinances of the City of Nashua, each item of this budget shall be considered as a separate appropriation.

For convenience, account numbers have been assigned to each item of the budget. When a department makes an expenditure it will be charged on their books to their appropriate account number. All departments will make regular monthly reports to the Mayor's Office of their monthly expenditures and unexpended balances under each item. These reports will be consolidated on a master sheet and kept on file in the Mayor's Office for the convenience of the Finance Committee and inspection of the Board of Aldermen.

Each department has been given a different key alphabetical letter to identify its own individual itemizations. In order that comparisons may be made between departments of their expenditures for comparable items or to determine easily total City spending for certain specific items, the account numbers are uniform. There are 18 standard items, some of which are indicated by the decimal point and additional numbered classifications. Any item listed after 18 is not one found in the other departments, thus all items beginning with 19 are peculiar to the department concerned. The key for the standard account numbers is as follows:

Acct. No.	Items
1	Payroll
2	Telephone
3	Electricity
4	Water
5	Insurance
6	Postage
7	Office Supplies & Services
8	Printing
9	Building Supplies & Services
10	Building Repairs
11	Heating Fuel
12	Miscellaneous
13	Gasoline
14	Oil and Lubricants
15	Tires and Tubes
16	Auto Repairs, Parts & Supplies
17	Exchange of Vehicles
18	Medical

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF THREE HUNDRED SIXTY-SEVEN THOUSAND ($367,000.00) DOLLARS TO PAY THE COST OF PURCHASE OF PROPERTY FOR THE EAST SIDE DRIVE — PURCHASE OF OLD POST OFFICE AND ITS DEMOLITION — ACQUISITION OF LAND ON LUND ROAD, LAKESIDE AVENUE, FAIRVIEW AVENUE AND SANDY POND — PURCHASE OF LAND AND BUILDING OF NEW FIRE STATION — STORM DRAINAGE SYSTEM, EARLEY ST. AREA CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge and City Treasurer, Edward R. Benoit, are hereby authorized to issue and sell, under the direction of the Finance Committee of the Board of Aldermen, negotiable General Obligation Coupon Bonds of the City of Nashua in the aggregate principal amount of THREE HUNDRED SIXTY-SEVEN THOUSAND ($367,000.00) DOLLARS. Said bonds are to be issued for the purpose of paying the following costs:

1. Purchase of property for the East Side Drive, said area located west of the Boston and Main Railroad tracks. Said expected useful life of said public works is hereby determined to be forty (40) years.
2. Purchase of property which housed the old Post Office located on Court Street, and the demolition of said building. Said expected useful life of said public works is hereby determined to be forty (40) years.
3. Purchase of property on Lund Road in Nashua for a recreation park. Said expected useful life of said public works is hereby determined to be forty (40) years.
4. Purchase of property on Lakeside Avenue in Nashua for a recreation park. Said expected useful life of said public works is hereby determined to be forty (40) years.
5. Purchase of property on Fairview Ave. in Nashua for a recreation park. Said expected useful life of said public works is hereby determined to be forty (40) years.
6. Purchase of property on Sandy Pond in Nashua, located off Lake Street, for water storage. Said expected useful life of said public works is hereby determined to be forty (40) years.
7. Purchase of land and building of Fire Station. Said expected useful life of said public works is hereby determined to be forty (40) years.
8. Construction of a storm drainage system — Earley Street area. Said expected useful life of said public works is hereby determined to be forty (40) years.

Said bonds shall be general obligations of the City of Nashua, payable as to both principal and interest from ad-valorem taxes which will be levied without limitations as to rate or amount on all taxable property within the territorial limits of the City of Nashua.

Both principal and interest shall be payable at the office of the City treasurer, Nashua, New Hampshire, or at the holder's option, at the First National Bank of Boston, Boston, Massachusetts.

The coupons shall bear the facsimile signature of the City Treasurer. None of the said bonds shall be obligatory without the authenticating certificate of the said First National Bank of Boston endorsed thereon.

RESOLUTION
APPROVING THE COMPLETED DOCUMENTS PREPARED WITH AN ADVANCE FROM THE UNITED STATES OF AMERICA UNDER THE TERMS OF PUBLIC LAW 560, 83rd CONGRESS OF THE UNITED STATES OF AMERICA, AS AMENDED
CITY OF NASHUA
(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

Whereas, the City of Nashua, New Hampshire, accepted an offer from the United States Government for an advance for preparation of Planning documents pertaining to a public work described as drainage facilities and separation of the combined system within the central part of the city; and

Whereas, Camp, Dresser & McKee was engaged to prepare the planning documents for the aforesaid public work, and said engineer has completed documents and submitted them for approval; and

Whereas, the completed planning documents have been carefully studied and are considered to comprise adequate planning of the public work essential to the community and within the financial ability of the CITY OF NASHUA, NEW HAMPSHIRE, to construct;

Now Therefore, be it resolved by the Board of Aldermen, the governing body of said applicant, that the planning documents submitted by CAMP, DRESSER & McKEE as the basis for detailed planning of storm water separation and drainage for Central Nashua, dated May, 1964, and the statements in Form CFA-430, Request for Review and Approval of Planning Documents, in connection with Housing and Home Finance Agency Project No. P-NH-3072 be and the same are hereby approved; and that certified copies of this Resolution be filed with the Housing and Home Finance Agency.

RESOLUTION

AUTHORIZING HIS HONOR, MAYOR MARIO J. VAGGE
TO CONVEY CERTAIN REAL ESTATE NORTH OF
THE NEW AIRPORT ROAD
CITY OF NASHUA

(Endorsed by Lands and Buildings Committee Members)

(Ald. John V. Chesson, Maurice L. Noel, Raymond W. Hackett,
Maurice L. Arel and Emile O. Levesque)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, be and is hereby authorized and empowered to convey for and in consideration of FIVE ($5.00) DOLLARS to the Nashua Airport Authority, the following real estate:

A certain parcel or tract of land located North of the new Airport Road and adjacent to the Westerly right-of-way line of the B & M RR., shown as Parcel B, Exhibit A, Project No. 9-27-017-C305 bounded and described as follows:

Beginning at a point on the Westerly right-of-way line of the Boston & Maine R.R., Wilton Branch, in the City of Nashua, N. H., at the S. E. corner of land now or formerly belonging to the City of Nashua Airport Authority, and at the N. E. corner of land now or formerly belonging to Samuel A. Tamposi and running along the said R.R. right-of-way N. 42° 17' W, a distance of sixty-four and eight tenths (64.8) feet to a point; thence turning and running along land of said City of Nashua S 32° 30' W, a distance of two hundred sixty (260) feet more or less to a point; thence turning and running along land of said Airport Authority S 42° 17' E, a distance of sixty-four and eight tenths (64.8) feet to a point on the now existing property line between the said Airport Authority and said Tamposi and the intersection of the northerly right-of-way line of the proposed Airport Access Road; thence turning and running along land of Tamposi N 32° 30' E, a distance of two hundred sixty (260) feet, more or less, through an iron pin on line near the R.R. right-of-way, to the point of beginning; all the bearings being magnetic and the parcel containing a calculated area of 16,260 square feet more or less, and in accordance with a plan filed herewith, titled "City of Nashua, N. H. to Samuel Tamposi" dated 1 April 1963.

The Grantor reserves for the benefit of the public an unrestricted right of flight, together with the right to create sound incidental to the operation of aircraft in and through an imaginary plane of airspace, beginning at the Southwest corner of the demised premises at an elevation of 231 feet mean sea level, and rising to a level of 266 feet mean sea level at the Northeast corner of the demised premises.

The Grantee hereby convenants not to erect any structure or permit the growth of natural objects which might encroach on the above described airspace, and there is hereby reserved to the Grantor the right of ingress and egress for the purpose of removing any such structure or growth.

RESOLUTION

GRANTING A PENSION TO EDMOND A. DIONNE
CITY OF NASHUA

(Endorsed by Alderman Francis LaFlamme)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

That pursuant to the provisions of Section 57, Chapter 31, of the Revised Statutes Annotated of the State of New Hampshire, as adopted by a Resolution passed August 14, 1951, and in accordance with Part IV, Chapter VII, of the Revised Ordinances of the City of Nashua, a pension in the amount of TWO THOUSAND TWO HUNDRED THIRTY-FOUR AND 50/100ths ($2,234.50) DOLLARS annually, be and is hereby granted Edmond A. Dionne, a former employee of the Nashua Police Department, having served Twenty-Two years on said Department.

BE IT FURTHER RESOLVED, That said pension be paid monthly at the rate of ONE HUNDRED EIGHTY-SIX AND 25/100ths ($186.25) DOLLARS, effective May 1, 1965.

RESOLUTION

FEDERAL AVIATION AGENCY
GRANT AGREEMENT
Part 1-Offer
Date of Offer June 15, 1965
BOIRE FIELD AIRPORT
Project No. 9-27-017-C506
Contract No. FA-EA-592
CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five
RESOLVED, By the Board of Aldermen of the City of Nashua
Section 1. That the City of Nashua, together with the Nashua Airport Authority, shall enter into a Grant Agreement with the United States of America as attached hereto for the development of Boire Field, Nashua, New Hampshire, under FAA Project No. 9-27-017-C506.
Section 2. That the Mayor of the City of Nashua is hereby authorized to execute the Acceptance and the City Clerk is authorized to attest his signature and to impress the Seal of the City.

FEDERAL AVIATION AGENCY
GRANT AGREEMENT
Part 1-Offer
Date of Offer June 15, 1965
Boire Field Airport
Project No. 9-27-017-C506
Contract No. FA-EA-592

TO: City of Nashua, New Hampshire, and Nashua Airport Authority (herein referred to as the "Sponsor")
FROM: The United States of America (acting through the Federal Aviation Agency, herein referred to as the "FAA")

WHEREAS, the Sponsor has submitted to the FAA a Project Application dated March 31, 1965*, for a grant of Federal funds for a project for development of the Boire Field Airport (herein called the "Airport"), together with plans and specifications for such project, which Project Application, as approved by the FAA is hereby incorporated herein and made a part hereof; and

WHEREAS, the FAA has approved a project for development of the Airport (herein called the "Project") consisting of the following-described airport development:

> Drain swamp area; install medium intensity approach lighting system with sequenced flashing condenser discharge lights

all as more particularly described in the property map attached as Exhibit "A" to the Grant Agreement for Project No. 9-27-017-C305 and in the plans and specifications as approved for this project on May 11, 1965, by the District Airport Engineer, FAA, Eastern Region, Boston, Massachusetts, all of which are incorporated herein by reference and made a part hereof;

*and letters dated April 23, 1965, from Chairman, Nashua City Planning Board, and letter dated June 14, 1965, from Chairman, Nashua Airport Authority

NOW THEREFORE, pursuant to and for the purpose of carrying out the provisions of the Federal Airport Act, as amended (19 U.S.C., 1101), and in consideration of (a) the Sponsor's adoption and ratification of the representations and assurances contained in said Project Application, and its acceptance of this offer as hereinafter provided, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport as herein provided. THE FEDERAL AVIATION AGENCY, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States share of the allowable costs incurred in accomplishing the Project, 50 per centum of such costs.

This Offer is made on and subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $28,000.00.
2. The Sponsor shall:
   (a) begin accomplishment of the Project within thirty days after acceptance of this Offer or such longer time as may be prescribed by the FAA, with failure to do so constituting just cause for termination of the obligations of the United States hereunder by the FAA.
   (b) carry out and complete the Project without undue delay and and Sections 151.45-151.55 of the Regulations of the Federal Aviation Agency (14 CFR 151) in effect as of the date of acceptance of this Offer; which Regulations are hereinafter in accordance with the terms hereof, the Federal Airport Act, referred to as the "Regulations";
   (c) carry out and complete the Project in accordance with the plans and specifications and property map, incorporated herein, as they may be revised or modified with the approval of the FAA.
3. The allowable costs of the project shall not include any costs determined by the FAA to be ineligible for consideration as to allowability under Section 151:41 (b) of the Regulations.
4. Payment of the United States share of the allowable project costs will be made pursuant to and in accordance with the provisions of Sections 151.57-151.63 of the Regulations. Final determination as to the allowability of the costs of the project will be made at

the time of the final grant payment pursuant to Section 151.63 of the Regulations: Provided, that, in the event a semi-final grant payment is made pursuant to Section 151.63 of the Regulations, final determination as to the allowability of those costs to which such semi-final payment relates will be made at the time of such semi-final payment.

5. The Sponsor shall operate and maintain the Airport as Provided in the Project Application incorporated herein and specifically covenants and agrees, in accordance with its Assurance 4 in Part III of said Project Application, that in its operation and the operation of all facilities thereof, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed or national origin in the use of any of the facilities provided for the public on the airport.
6. The FAA reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Sponsor.
7. This Offer shall expire and the United States shall not be obligated to pay any part of the costs of the Project unless this Offer has been accepted by the Sponsor on or before June 30, 1965, or such subsequent date as may be prescribed in writing by the FAA.
8. In addition the sponsor shall:
   (a) Incorporate or cause to be incorporated in each advertisement for bids and each contract for construction work under the project, or any modification thereof, the equal opportunity clause incorporated by reference in Section 151.54 of the Federal Aviation Regulations and as set forth in Section 60-1.3 (b) (1) of the regulations of the President's Committee on Equal Employment Opportunity (41 CFR 60-1);
   (b) Incorporate or cause to be incorporated in each advertisement for bids or proposal for construction work under the project the provisions prescribed by Section 151.54 (d) (1) of the Regulations;
   (c) Be bound by said equal opportunity clause in any construction work under the project which it performs itself other than its own permanent work force directly employed or through the permanent work force directly employed by another agency or government;
   (d) Cooperate actively with the FAA and the President's Committee on Equal Employment Opportunity in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations and relevant orders of the Committee;
   (e) Furnish the FAA and the Committee such information as they may require for the supervision of such compliance and will otherwise assist the FAA in the discharge of its primary responsibility for securing compliance.
   (f) Refrain from entering into any contract or contract modification subject to Executive Order 11114 with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and Federally assisted construction contracts pursuant to Part III (subpart D of Executive Order 10925;
   (g) Carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the FAA or the Committee pursuant to Part III, subpart D of Executive Order 10925; and

   In the event that the sponsor fails or refuses to comply with its

undertakings, the FAA may cancel, terminate or suspend in whole or in part any contractual arrangements it may have with the sponsor, may refrain from extending any further assistance under any of its programs subject to Executive Order 11114 until satisfactory assurance of future compliance has been received from such applicant, or may refer the case to the Department of Justice for appropriate legal proceedings.

9. By its acceptance of this Grant Offer the sponsor agrees that insofar as is within its powers and to the extent reasonable, the sponsor will take action to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations including landing and take-off of aircraft.
10. The sponsor's financial records of the project established, maintained and made available to personnel of the FAA in conformity to Section 151.55 of the Regulations of the Federal Aviation Agency (14 CFR 151), will also be available to representatives of Comptroller General of the United States.
11. The Federal Government does not now plan or contemplate the construction of any structures pursuant to Paragraph 9 of Part III — Sponsor's Assurances of the Project Application dated March 31, 1965, and, therefore, it is understood and agreed that the Sponsor is under no obligation to furnish any such areas or rights under this Grant Agreement.
12. The FAA, in tendering this Offer on behalf of the United States, recognizes the existence of an agency relationship between the Nashua Airport Authority and the City of Nashua, New Hampshire, as principal, and the New Hampshire Director of Aeronautics, as agent, created by an Agreement of Agency dated April 21, 1965, which Agreement of Agency is attached hereto and made a part hereof, and the Sponsor agrees that it will not amend, modify or terminate such Agency Agreement without prior approval, in writing, of the FAA.
13. It is understood and agreed that the reference to "Section A of FAA Technical Standard Order Number N-18 dated April 26, 1950, as amended" contained in Part III, Paragraph 7 of the Project, Application, be deleted and the following language substituted "Section 77.23 as applied to Section 77.27, Part 77, of the Federal Aviation Regulations".

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

UNITED STATES OF AMERICA
FEDERAL AVIATION AGENCY
By WAYNE THUNDERSHOT
Acting Director, Eastern Region

Part II-Acceptance

The City of Nashua, New Hampshire, does hereby ratify and adopt all statements representations, warranties, covenants, and agreements contained in the Project Application and incorporated materials referred to in the foregoing Offer and does hereby accept said Offer and by such acceptance agrees to all of the terms and conditions thereof.

LAYING OUT WATER STORAGE AREAS AND ASSESSING DAMAGES ON LAND OF MADALYN S. BAXTER CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

(1) That there is occasion and need for the layout of Water Storage Areas within the City of Nashua.

(2) That there is occasion and need for the layout of Water Storage Areas in the site described in the Petition of Leo R. Lesieur submitted to the Board and dated December 3, 1964.

(3) That the City of Nashua has been unable to acquire by contract, or otherwise, for a reasonable price, the tract of land for which damages are hereinafter assessed.

(4) The following described tract of land, to be taken by condemnation proceedings from the Owner of said land as in the layout of highways by Selectmen, and that the area included in the following description of land be and is hereby laid out as a Water Storage Area.

A certain tract of land located in Nashua, County of Hillsborough and State of New Hampshire, beginning at a point in the easterly line of National Street at the southwesterly corner of LOT #18; thence running as follows:

(1) **Southerly** along the easterly line of National Street, four hundred forty-five (445) feet, to a point in the northerly line of Sacred Heart Drive (formerly Briand Avenue); thence

(2) **Southeasterly** along the northerly line of said Sacred Heart Drive, five hundred (500) feet, to a point in the northerly line of Lake Street, at land of, now or formerly, Taggert; thence

(3) **Northerly** along the westerly line of said Taggert land, six hundred eight-five (685) feet, to the southwesterly corner of Lot #4; thence

(4) **Westerly** fifty-one (51) feet, to the southeasterly corner of Lot #6; thence

(5) **Westerly** along the southerly line of Lots #6-8-10-12-14-18, four hundred fifty-eight (458) feet to the point of beginning.

All distances being plus or minus. Containing 5.9 acres ±.

Meaning and intending to convey a certain portion of land and pond as shown on Plan titled "Sandy Pond Section, Nashua, New Hampshire" dated July 23, 1948. A copy of said Plan is on file in the office of the City Engineer.

(5) That damages be assessed to the Owner of the above described tract as set forth opposite the name below:

Madalyn S. Baxter $8,000.00

(6) That the sum of EIGHT THOUSAND ($8,000.00) DOLLARS is hereby appropriated for payment of damages herinbefore specified, said sum to be paid out of Bond Issue.

(7) That His Honor, Mayor Mario J. Vagge, be and is hereby authorized to tender to Madalyn S. Baxter the sum of EIGHT THOUSAND ($8,000.00) DOLLARS in payment of damages assessed herein.

AUTHORIZING HIS HONOR, MAYOR MARIO J. VAGGE
TO CONVEY CERTAIN REAL ESTATE ON
SAWMILL ROAD, SO-CALLED
CITY OF NASHUA

(Endorsed by Alderman Maurice L. Arel)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, be and is hereby authorized and empowered to convey for and in consideration of ONE HUNDRED ($100.00) DOLLARS to Pearly G. and Jane P. Daneault the following real estate:

A certain tract or parcel of land situated on the southerly side of Edgeville Pond and easterly of Morse Avenue in the City of Nashua, County of Hillsborough and State of New Hampshire, bounded and described as follows:

Beginning at a stone bound in the southerly bank of the said Edgeville Pond at the northeasterly corner of land of Denault at land of the City of Nashua, said stone bound being at the northwesterly corner of the land herein described, thence

(1) Southerly by the said land of the grantee one hundred twenty-two (122.00) feet to a point at other land of the grantee, thence

(2) Easterly by the said other land of the grantee by an interior angle of 86 degrees 00 minutes sixty (60) feet more or less, thence

(3) Northerly by an interior angle of 94 degrees 00 minutes by other land of the grantor about one hundred twenty-two (122.00) feet to a point in the southerly bank of Edgeville Pond, thence

(4) Westerly by the said southerly bank of Edgeville Pond sixty (60) feet more or less to the place of beginning.

The City of Nashua reserves a Twenty (20) foot wide sewer easement across this parcel in accordance with the Resolution entitled, "Laying Out of Common Sewer and Assessing Damages for Sewer Easement for Salmon Brook Interceptor" passed by the Board of Aldermen, May 24, 1960.

LEASE AGREEMENT

This agreement, made and entered into by and between the City of Nashua, a municipal corporation, (hereinafter called "Lessor"), and the Nashua Airport Authority, a body corporate and politic, (hereinafter called "Lessee"),

WITNESSETH:

Lessor hereby leases to Lessee the following described tract or parcel of land situated at the Nashua Municipal Airport on Pine Hill Road in the City of Nashua, County of Hillsborough and State of New Hampshire:

Beginning at a stone bound at the most northerly corner of the premises at a point 500 feet southwest of the runway center line at station 14 + 35.26, thence;
1. South 42° - 45' East, a distance of 208.71 feet to a stone bound 100.00 feet from the taxiway center line, thence;
2. South 47° - 15' West, a distance of 208.71 feet to a stone bound, thence;
3. North 42° - 45' West, a distance of 208.71 feet to a stone bound, thence;
4. North 47° - 15' East, a distance of 208.71 feet to the point of beginning.

Containing one acre as shown on a "Plan of Land to be leased to Aviation Realty Corporation, Nashua Municipal Airport, Boire Field, Nashua, New Hampshire", dated August 2, 1965 by David H. Hamilton, surveyor.

The term of this lease shall be for a period of fifty years from the ..... day of August, 1965.

This lease is assignable or subject to sub-letting.

The Lessee, in consideration of said leasing agrees as follows:
1. To pay nominal rent of One Dollar.
2. That the use to be made of the leased premises shall be for the furtherance of aviation.

IN WITNESS WHEREOF the parties hereto have hereunto set their hands and seals this ..... day of August, 1965.

RESOLUTION

RESOLUTION OF THE BOARD OF ALDERMEN
AMENDING THE REDEVELOPMENT PLAN
FOR PROJECT NO. UR N. H. 4-1
CITY OF NASHUA

(Endorsed by Alderman Gerard J. Gauthier)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the Board of Aldermen of the City of Nashua has passed, on June 9, 1959, a resolution entitled, "Resolution of the Board of Aldermen of the City of Nashua approving the Redevelopment Plan and the Feasibility of Relocation for Project No. UR N.H. 4-1, City of Nashua"; and,

WHEREAS, said Board of Aldermen passed on February 27, 1962 and December 26, 1962 resolution entitled, "Resolution of the Board of Aldermen amending the Redevelopment Plan for Project No. UR N. H. 4-1"; and,

WHEREAS, a further study of said Redevelopment Plan, as amended, has revealed that other changes are necessary for the improvement of said Project; and,

WHEREAS, there has been prepared and referred to the Board of Aldermen for review and approval, a proposed Amendment dated March 1, 1965, to said Redevelopment Plan, as amended, to further amend said Redevelopment Plan by adding at the end of Section D, 3d the following sentence:

"The provisions of the subsection d shall not apply to Parcel C-5."

NOW, THEREFORE, BE IT RESOLVED, By the Board of Aldermen of the City of Nashua as follows:

1. That the amendment to said Redevelopment Plan, as amended, for Project aforementioned, having been duly reviewed and considered, is hereby approved, and the City Clerk be and is hereby directed to file said copy of said amendment with the minutes of this meeting.

2. That it is hereby found and determined that the Plan, as amended, conforms to the general plan for the development of the locality as a whole.

3. That all other provisions and findings of the resolution pertaining to the approval of the original Redevelopment Plan passed on June 9, 1959, and of the resolution pertaining to the amendment to said Redevelopment Plan, passed on February 27, 1962, and December 26, 1962, which are not inconsistent herewith, are hereby affirmed and approved.

AUTHORIZING THE DEDICATION OF THE
MARSHALL STREET PLAYGROUND TO THE
JAMES F. LYONS PLAYGROUND
CITY OF NASHUA

(Endorsed by Alderman Francis LaFlamme)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

That the Board of Aldermen of the City of Nashua in conjunction with the Park Recreation Commission, be authorized to dedicate the Marshall Street Playground to the James F. Lyons Playground in memory of a distinguished gentleman who contributed to the City of Nashua in all phases of its growth and expansion and especially in his dedication to Veterans affairs in the City of Nashua as Department Commander of the New Hampshire Spanish War Veterans, and as a member of Memorial Day and Veterans Day Committees for sixty years. James F. Lyons actively marched in all Veterans parades during this period, and his strength and vigor was and still is an inspiration to the people of Nashua, and that it is fitting that said Playground, which was in the neighborhood of the home of James F. Lyons, be dedicated to him.

AUTHORIZING HIS HONOR, THE MAYOR, AND CITY TREASURER, TO ISSUE BONDS IN THE AMOUNT OF SEVEN HUNDRED FIFTY THOUSAND ($750,000.00) DOLLARS TO PAY FOR THE COST OF ACQUISITION OF PROPERTY AND CONSTRUCTION OF A NEW CENTRAL LIBRARY, FURNITURE AND EQUIPMENT, BUILDING DEMOLITION AND TREE REMOVAL, PARKING AND LANDSCAPING, ARCHITECT, ENGINEERING AND LEGAL FEES CITY OF NASHUA

(Endorsed by Aldermen Gerard A. Charest, Raymond L. Bechard,

Raymond W. Hackett, Thomas J. Leonard, Jr., James H. Larrabee and Donald R. Hardy)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, and City Treasurer, Edward R. Benoit, are hereby authorized to issue and sell, under the direction of the Finance Committee of the Board of Aldermen, negotiable general Obligation Coupon Bonds of the City of Nashua, in the aggregate principal amount of SEVEN HUNDRED FIFTY THOUSAND ($750,000.00) DOLLARS. Said bonds are to be issued for the purpose of paying the costs of acquisition of property and construction of a New Central Library, furniture and equipment, building demolition and tree removal, parking and landscaping, architect, engineering and legal fees; the expected useful life of said public work is hereby determined to be at least fifty (50) years.

Said bonds shall be general obligations of the City of Nashua, payable as to both principal and interest from ad-valorem taxes which will be levied without limitation as to rate or amount on all taxable property within the territorial limit of the City of Nashua.

Both principal and interest shall be payable at the office of the City Treasurer, Nashua, New Hampshire, or at the holder's option, at the First National Bank of Boston, Boston, Mass.

The coupons shall bear the facsimile signature of the City Treasurer. None of the said bonds shall be obligatory without the authenticating certificate of the said First National Bank of Boston endorsed thereon.

That said Public Library be constructed in the Park Street area.

AN ORDINANCE

AMENDING PART II OF CHAPTER VIII OF THE REVISED ORDINANCES OF 1950 AS AMENDED, ENTITLED "ZONING AND REGULATIONS"

(Endorsed by Alderman John V. Chesson)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

That Section 41, Article VIII, Part II of Chapter VIII of the Revised Ordinances of 1950, as amended be and is hereby Amended by adding thereto the following:

Every petition or request for rezoning submitted to the Nashua Board of Aldermen shall hereafter include the following documents and maps:

(1) A legal description of the area for which rezoning is requested.

(2) A map illustrating the proposed new zoning boundaries, together with the existing zoning boundaries relevant to the case, and shall include property lines.

(3) A map illustrating the existing uses of land within the proposed new zoning area, together with the existing uses of land (residential, commercial, industrial, agricultural, undeveloped) adjacent to the proposed new zoning area and extending sufficiently distant from it to include at least the land in the immediate vicinity deemed to be affected by the change.

Said map shall portray principal topographical features such as watercourses, hills, and unusual conditions; shall portray principal man-made features such as highways and power lines; shall indicate property lines and identify major public or private establishments; and the various land uses shall be represented in a color code with yellow for residential use, blue for commercial use, purple for industrial use, brown for agricultural use, green for parks and institutional use, no coloring for vacant undeveloped land. Maps 2 and 3 may be combined as one map, if feasible.

(4) On the same map as 3 foregoing, or on a separate map, if required for clarity, shall be depicted the proposed pattern of general development including the new uses, and the proposed general pattern for the subdivision of land, if any.

(5) The name of the person, firm or corporation requesting the zoning change shall be submitted, together with address and telephone number; and the name, address and telephone number of the attorney representing the person, firm or corporation shall be submitted if an attorney is employed in the preperation of the submission; and the name, address and telephone number of an enginer, or other professional person, representing the person, firm, or corporation shall be submitted if an engineer or other professional person is employed in the preperation of the submission.

(6) The person, firm, or corporation requesting the zoning change shall submit a statement setting forth the reasons for seeking the zoning change.

(7) All maps described above shall include a north arrow, scale, legend; the name of the person, firm, or corporation requesting the zoning change and a signature representing the sponsor; and the date of the submission to the Board of Aldermen.

(8) Maps of sparsely settled land or acreage may be prepared at a scale of no more than 200 feet equals one inch. Maps of intensively developed areas may be prepared at a scale of no more than 100 feet equals one inch.

All Ordinances or parts of Ordinances which are inconsistent herewith are hereby repealed.

AN ORDINANCE

AMENDING THE ZONING MAP AND ORDINANCE OF THE CITY OF NASHUA

(Gregg & Son - Mill St. — Gillis St.)

(Endorsed by Alderman Francis LaFlamme)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

That the Zone Map entitled "City of Nashua, N. H." Zoning Map 1957 as incorporated by reference to Article I of Part II entitled "Zoning and Regulations" of Chapter VIII of the Revised Ordinances of the City of Nashua, as Amended, be and is amended as follows:

That the following described tracts of land now zoned as "C" Multiple Residence District, be changed to "L-I" Light Industrial District:

A tract or parcel of land situated on the Northerly side of Gillis Street, bounded and described as follows:

Begining at the Southwesterly corner of said parcel at the Northwesterly corner of land now or formerly of Voyer; thence running

(1) **Westerly** and **Northerly** by the northerly line of said Gillis Street to the easterly line of Mill Street, so-called; thence turning and running

(2) **Northerly** by said easterly line of Mill Street 195.98 feet, more or less, to the end of said street; thence turning and running

(3) **Westerly** by the northerly end of said Mill Street 41.54 feet to a stone bound at land of Tsatsa, now or formerly; thence running

(4) **South** 87° 16' 54" West by said land of Tsatsa and by land of DeCelle, now or formerly, 167.63 feet to a stone bound; thence running

(5) **South** 85° 53' 18" West by land of Olson, now or formerly, 221.47 feet to a stone bound; thence turning and running

(6) **North** 15° 2' 32" West by land of Mills, now or formerly, 159 feet, more or les, to other land of Gregg & Son, Inc., now zoned "L-I" Light Industrial District; thence turning and running

(7) **North** 86° 21' 30" East by the southerly line of said land zoned "L-I" Light Industrial District, 550 feet, more or less to land of the Boston and Maine Railroad; thence turning and running

(8) **Southeasterly** by said Boston and Maine Railroad land 664.12 feet, more or less, to an iron pin at land of Voyer; thence turning and running

(9) **North** 83° 53' 42" West by said Voyer land 90 feet to a stake; thence turning and running

(10) **South** 6° 06' 18" West by said Voyer land to the place of beginning.

ALSO, another tract or parcel of land bounded and described as follows:

Beginning at a stone bound 190 feet, more or less, east of the easterly line of Arlington Street, so-called, at the Southeasterly corner of land of G. E. and T. Levesque, now or formerly; thence running

(1) **North** 15° 42' 45" West by said Levesque land 155.91 feet to a stone bound at land now or formerly of Ouellette; thence turning and running

(2) **North** 71° 00' 30" East by said Ouellette land 20 feet, more or less, to land of Gregg & Son, Inc. now zoned "L-1" Light Industrial District; thence turning and running

(3) **South** 19° 34' 00" East by said land zoned "L-I" Light Industrial District, 155 feet, more or less; thence turning and running

(4) South 71° 00' 30" West by land now or formerly of Mills 30 feet, more or less, to the point of beginning.

For a more particular description reference is made to plan entitled "Plan of Property in Nashua, N. H., belonging to Gregg & Son, Inc., Scale 1" = 50', February, 1965, David H. Hamilton, Surveyor.

All Ordinances or parts of Ordinances which are inconsistent herewith are hereby repealed.

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Sixty-five

AN ORDINANCE

AMENDING CHAPTER VIII OF THE REVISED ORDINANCES OF 1950 (LAND SUB-DIVISION)

(Endorsed by Mayor Mario J. Vagge)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua That Chapter VIII of the Revised Ordinances of 1950 be and is hereby amended by deleting Sections 12 and 13, Part I therein and adding thereto the following new part:

LAND SUBDIVISION ORDINANCE

ARTICLE I - POWER TO REGULATE

SECTION I — POWER TO REGULATE

City of Nashua; Subdivision of Land. Before exercising the powers provided by RSA 36:19 the Planning Board of the City of Nashua shall adopt regulations governing the subdivisions of land within its jurisdiction as set forth in RSA 36:21 provided however, that no such regulations shall be adopted until after a public hearing thereon and said regulations shall not become effective until they have been approved by the Mayor and Aldermen of said city. Said regulations may be amended by the Planning Board but only after a public hearing and approval thereof by the Mayor and Aldermen.

ARTICLE II — PROCEDURE

SECTION 2. — RECORDING OF PLATS

After the certificate or notice referred to in Section I has been filed with the Register of Deeds, no plan of a subdivision of land showing a street or widening or narrowing thereof or park shall be filed or recorded in the offices of the said Register of Deeds until it has been approved by the Planning Board, and such approval has been endorsed in writing on the plat in such manner as the Planning Board may designate. After such plat is approved and filed, subject, however, to review by Court, the streets and parks shown on such plan shall be and become a part of the official map of the City. The filing or recording of a plat of a sub-division without the approval of the Planning Board as required hereby, shall be void.

SECTION III — BOARD'S PROCEDURE ON PLATS.

The Planning Board shall approve or disapprove a plat within thirty days after the submission thereof to it; otherwise such plat shall be deemed to have been approved, and the certificate of the municipality, as to the date of submission of the plat for approval and the failure to take action thereon within such time, shall be issued on demand and shall be sufficient in lieu of the written indorsement or other evidence of approval herein required; provided, however, that the applicant for the Board's approval may waive this requirement and consent to an extension of such period. The ordinance establishing the Planning Board or an ordinance amending such establishing ordinance shall specify the officer or employee of the municipality who shall issue in its behalf the certificate of failure on the part of the Planning Board to take action as aforesaid in this section. In case of disapproval of any plat submitted, the ground for such disapproval shall be adequately stated upon the records of the Planning Board. Any plat submitted to the Planning Board shall bear the name and address

of the person to whom notice of a hearing shall be sent; and no plat shall be acted on by the Planning Board without affording a hearing thereon. Notice shall be sent to the said address by registered mail, with return of receipt requested, stating the time and place of such hearing, not less than five days before the date fixed therefor.

SECTION IV — STATUS OF PLATS APPROVED.

Every plat approved by the Planning Board shall, by virtue of such approval, be deemed to be an amendment of or an addition to or a detail of the official map and a part thereof. Approval of a plat shall not be deemed to constitute or effect an acceptance by the municipality or the public of the dedication of any street or other ground or open space shown upon the plat.

SECTION V — IMPROVEMENTS ON UNAPPROVED STREETS.

The City of Nashua shall not hereafter accept, lay out, open, improve, grade, pave or light any streets or lay or authorize the laying of water mains, sewers, connections, or other facilities or utilities in any street unless such street:

(a) Shall have been accepted or opened as, or shall otherwise have received the legal status of a public street prior to the passage of this Ordinance, or unless such street

(b) Shall correspond in its location and lines with a street shown on the Official Map or with a street shown on a subdivision plat approved by the Planning Board, or with a street on a street plat made by and adopted by the Planning Board.

The Board of Aldermen may, however, elect to accept or reject, locate and construct any street not shown on or not corresponding with a street on the Official Map or on an approved subdivision plat, or on an approved street plat, provided that the petition or other proposal for the accepting, locating, and construction of such street be first submitted to the Planning Board for its approval and, if approved by the Planning Board, be approved by a majority vote of the full Board of Aldermen, or if disapproved by the Planning Board, be approved by a two-thirds vote of the full Board of Aldermen. A street approved in such a manner shall be and become a part of the Official Map.

SECTION VI — ERECTION OF BUILDINGS.

No building or structure shall hereafter be erected on any lot, nor shall a building permit be issued therefor unless the street giving access to the lot upon which such building is proposed to be placed shall have been accepted or approved in accordance with the provision of Section 5 above. The applicant for a permit may appeal from the decision of the Building Inspector to the Zoning Board of Adjustment pursuant and subject to New Hampshire R.S.A., Chapter 36, Section 26.

ARTICLE III — SUBDIVISION REGULATIONS

SECTIOIN VII — ADOPTIION OF REGULATIONS.

Before exercising the powers granted in Section I, the Planning Board shall, after holding a public hearing, adopt and publish regulations governing the subdivision of land as provided in New Hampshire R.S.A., Chapter 36, Sections 21 and 22. A copy of the regulations as adopted, signed by the Chairman of the Planning Board, shall be filed with the Register of Deeds. Such regulations may be amended whenever the Planning Board deems such action necessary or advisable, but only after holding a public hearing on the proposed amendment. In the event of amendment, a statement, signed by the Chairman of the Planning Board, indicating any variance thus authorized from such regulations as were previously filed, shall be transmitted to the Register of Deeds.

ARTICLE IV — VALIDITY

SECTION VIII — VALIDITY.

If any section, clause, provision or portion of this Ordinance shall be held to be invalid or unconstitutional by any Court of competent jurisdiction, such holding shall not affect or impair any other section, clause, provision or portion of the Ordinance.

ARTICLE V — CONFLICT

SECTION IX — CONFLICT.

All Ordinances or parts of Ordinances in conflict with this Ordinance be and are hereby repealed.

ARTICLE VI — EFFECTIVE DATE

This Ordinance shall take effect on the date of its passage.

Passed July 13, 1965

SECTION X — EFFECTIVE DATE.

AN ORDINANCE

AMENDING THE ZONING MAP AND ORDINANCE
OF THE CITY OF NASHUA
(Automotive Center — Daniel Webster Hwy. So.)

(Endorsed by Alderman Donald R. Hardy)

BE IT ORDAINED, by the Board of Aldermen of the City of Nashua Whereas the land herein described was rezoned from "A Residence District" to "General Business District" on April 15, 1964, and, Whereas there presently exists litigation against the City of Nashua resulting from said rezoning and, Whereas there exists a legal question as to validity of prior zoning and, Whereas it is in the interest of the City of Nashua to affirm said Ordinance of April 15, 1964, changing an area of land within this description from "A Residence District" to "General Business District".

That the Zone Map entitled, "City of Nashua, N. H., Zoning Map and Regulations" of Chapter VIII of the Revised Ordinances of the City of Nashua, as amended, be and are hereby amended as follows:

That the following described tract of land now zoned as "General Business District" but being disputed in litigation as retaining its zoning as "A Residence District" be affirmed as a "General Business District".

Beginning at a point on Easterly side of Daniel Webster Highway in the South line of Stetson Street projected, said point being the Northeast corner of the area now zoned General Business; thence

(1) South 10° 39' East by a line parallel and 250' East of the Center line of said Highway a distance of 1,690 feet, more or less, to a point in the North line of State of New Hampshire National Guard Armory, said line is the Easterly line of Area now zoned General Business; thence

(2) South 77° 21' East a distance of 394 feet, more or less, along the said North line, State of New Hampshire National Guard Armory, to a stone bound; thence

(3) North 31° 50' East a distance of 265.67 feet to a point in the South line of proposed 50' easement; thence

(4) South 62° 15' East a distance of 70 feet along the South line of proposed 50' easement; thence

(5) Northeasterly a distance of 430 feet, more or less, to Iron Pin; thence

(6) Northerly a distance of 102.3 feet along westerly line of land of DeStefano to Iron Pin; thence

(7) North 2° 28' West a distance of 272 feet to a point; thence

(8) North 71° 22' west a distance of 433 feet, more or less, to a point; thence

(9) North 11° 11' East a distance of 443.8 feet to a stone bound; thence

(10) North 14° 34' 30" West a distance of 157.2 feet, to a point; thence
(11) North 80° 34' West a distance of 330 feet, more or less to the easterly side of Marmon Drive; thence
(12) Northerly along Marmon Drive a distance of 36 feet, more or less; thence
(13) Northerly 80° 34' West a distance of 350 feet, more or less, to a point; thence
(14) South 10° 39' East a distance of 110 feet, more or less, to the point of beginning.

AN ORDINANCE

LAND SUB-DIVISION REGULATIONS PART OF CHAPTER VIII OF THE REVISED ORDINANCES 1950 (LAND SUB-DIVISION) AS PASSED JULY 13,1965

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

LAND SUBDIVISION REGULATIONS

Section A — Authority

A-1 Pursuant to the authority granted by Chapter VIII, Part IIB, of the Revised Ordinances of 1950, and in accordance with the provisions of Chapter 36, Sections 19-29, of the New Hampshire Revised Statutes Annotated, 1955, the Nashua City Planning Board adopts the following regulations governing the subdivision of land.

Section B — Definitions

B-1 Board means Nashua City Planning Board.

B-2 Plat means the map, drawing, or chart on which the subdivider's final plan of subdivision is presented to the Nashua City Planning Board for approval and which, if approved, will be submitted to the Register of Deeds of Hillsborough County for recording.

B-3 Street means relates to and includes any street, avenue, road lane, viaduct, boulevard, alley, highway, or other way, whether public or private.

a) Expressways are generally limited access highways designed to carry large volumes of high speed inter-state and inter-city traffic.
b) Major Streets are streets designed or required to carry large volumes of traffic to, from, or through the central part of the city.
c) Collector Streets are streets designed or required to collect traffic from minor streets and distribute traffic to major streets.

d) Commercial Streets are streets designed or required to serve industrial or mercantile concentrations and to carry traffic from these concentrations to major streets.

e) Residential Streets are streets designed or required to provide vehicular access to abutting residential properties.

f) Service Streets are streets designed or required to provide vehicular access to abutting commercial properties.

g) Access Streets are minor ways designed or required to provide vehicular access to off street loading or off street parking facilities.

B-4 **Subdivision** means the subdivision of a lot, tract, or parcel of land into two or more lots, plats, sites, or other subdivisions of land for the purpose, whether immediate or future, of sale or of building development.

It includes resubdivision and, when appropriate to the context, relates to the process of subdividing or to the land or territory subdivided.

C-1 **Application** a preliminary layout may be submitted and approved prior to the submission of the final plat, subject to the following:

a) Submission — Three copies of the preliminary layout, as described in Section E, shall be submitted to the Board with the application and shall be received by the Board at least 15 days prior to the meeting at which such layout is to be first considered.

b) Consideration and Revision — The Board shall study the preliminary layout to determine whether it fulfills the requirements for the subdivision of land set forth in Section D. Before taking formal action the Board shall meet with the subdivider or his agent and may meet with other parties whose interests may be affected by the proposed layout. After such meeting the Board shall communicate, in writing, to the subdivider or his agent the specific changes, if any, which it will require in the preliminary layout.

c) Disapproval or Approval — The Board shall, within a reasonable time, not to exceed 30 days, approve or disapprove the preliminary layout as originally submitted or modified. In the event of disapproval, the Board shall state the reasons for such disapproval shall be deemed merely an expression of approval of the preliminary layout which is to be used as a guide to the subdivider for the preparation of his final plat.

C-2 **Final Plat**

a) General — The final plat shall conform substantially to the preliminary layout, or a part thereof, as approved and shall fulfill the requirements for subdivision of land set forth in Section D.

b) Submission — Five copies of the final plat, as described in Section F, shall be submitted to the Board within one year from the date of approval of the preliminary layout; otherwise approval of the preliminary layout shall become null and void. The final plat shall be delivered to the office of the City Engineer at least ten (10) days prior to the next regularly scheduled Board meeting, for submission to the Board at its next regularly scheduled meeting, and such meeting date shall be considered the date of submittal to the Board under the law.

c) **Board's Procedure on Plats.**

The Planning Board shall approve or disapprove a plat within thirty (30) days after the submission thereof to it; otherwise such plat shall be deemed to have been approved, and the certificate of the municipality, as to the date of submission of the plat for approval and the failure to take action thereon within such time, shall be issued on demand and shall be sufficient in lieu of the written endorsement or other evidence of approval herein required; provided, however ,that the applicant for the Board's approval may waive this requirement and consent to an extension of such period. The City Clerk shall be the officer who shall issue the certificate of failure on the part of the Planning Board to take action as aforesaid in this section. In case of disapproval of any plat submitted, the ground for such disapproval shall be adequately stated upon the records of the Planning Board. Any plat submitted to the Planning Board shall bear the name and address of the person to whom notice of a hearing shall be sent; and no plat shall be acted on by the Planning Board without affording a hearing thereon. Notice shall be sent to the said address by registered mail, with return of receipt requested, stating the time and place of such hearing, not less than five days before the date fixed therefor.

Section D — Requirements for the Subdivision of Land

D-1 Street Arrangement

a) The arrangement and co-ordination of streets shall be considered in their relation to existing or planned streets, to topographical conditions, to public convenience and safety, and to the proposed uses of the land to be served by such streets, and shall conform to the official map and master plan.

b) Where such is not shown in the official map or the master plan, the arrangement of streets shall provide for the continuation or the appropriate projection of existing streets in adjoining and surrounding areas. Where this is not practical, the arrangement of streets shall conform to a plan for the neighborhood approved or adopted by the Board.

c) Streets shall be arranged to provide maximum separation of through and local traffic and to discourage through traffic in residential areas.

d) Where a subdivision borders on or contains a limited access highway right-of-way, a railroad right-of-way, or an open water course, the Board may require a street approximately parallel to and on one or both sides of such right-of-way or water course, at a distance suitable for the appropriate use of the intervening land for park, residential, commercial, industrial, or other purpose. Such distance shall also be determined with due regard for the requirements of approach grades and future intersection grade separations.

e) Pedestrian rights-of-way, not less than fifteen (15) feet wide, may be required where deemed essential to provide circulation, or access to schools, playgrounds, shopping centers, transportation, or other community facilities.

D-2 **Street Design**

a) Street right-of-way widths shall be as shown on the official map or master plan and where not shown therein shall be not less than fifty (50) feet in width.

b) Street grades shall not exceed 10 percent in residential streets, or 6 percent for main thoroughfares. Variations from these grades may be permitted by the Board where advisable because of topographical conditions.
No street grade shall be less than ½ of 1 percent.

c) Dead-end or cul-de-sac streets, designed to be permanently closed at one end, shall not exceed 500 feet in length and shall be provided at the closed end with a turn-around having a minimum radius to the outside curb or roadway of at least fifty (50) feet.

d) Streets shall be laid out so as to intersect as nearly as possible at right angles and no street shall intersect any other street at less than sixty (60) degrees.

e) Property lines at street intersections shall be rounded with a radius of at least fifteen (15) feet. The Board may require a greater radius, whenever it deems such action favorable to safety and convenience.

f) Street jogs with centerline offsets of less than 125 feet shall be avoided.

g) A tangent at least 100 feet long shall be introduced between reverse curves on all but residential streets.

h) When connecting street lines deflect from each other at any one point by more than ten (10) degrees, they shall be connected by a curve with a radius adequate to insure a safe sight distance.

i) Block lengths shall be at least 600 feet and no greater than 1200 feet unless exceptional conditions exist.

D-3 **Easements**

a) Easements across lots or centered on rear or side lot lines shall be provided for utilities where necessary and shall be at least 12 feet wide.

b) Where a subdivision is traversed by or requires the construction of a water course or a drainage way, an easement of adequate width shall be provided for such purpose.

D-4 **Lot size and arrangement**

a) The arrangement of lots shall be appropriate for the location of the subdivision and for the type of development and use contemplated.

b) Land of such character that it cannot be safely used for building purposes because of exceptional danger to health or peril from fire, flood or other menace shall not be platted for occupancy or use as may increase danger to health, life or property until appropriate measures have been taken by the owner or his agent to eliminate such hazards.

c) Lot sizes and dimensions shall conform to the requirements of the Zoning Ordinance. Lot sizes shall be adequate to provide off street parking and loading facilities required by the Zoning Ordinances.

d) Where a subdivision or a portion of a subdivision is not served by either public water supply or public sewer, the lots affected must contain at least 20,000 square feet. Lots being serviced by only

one of the above mentioned utilities must contain at least 10,000 square feet. The Board may permit exceptions only upon certification by the Public Health Officer that he has determined, after completing percolation, seepage and other tests, the proposed lot size, with due regard to the type of occupancy contemplated, is adequate to prevent pollution or other health hazard on any lot. The obtaining of such certificate shall be the responsibility of the subdivider.

e) Where land is subdivided into lots of an acre or more, the Board may require an arrangements of lots and streets that will permit a later resubdivision in conformity with the requirements of these regulations.

f) The subdividing of land shall provide, by means of a public street, satisfactory access for each lot to an existing public street.

g) Reserve strips controlling access to streets shall be prohibited except where their control is definitely placed in the City of Nashua under conditions approved by the Board.

h) Double frontage and reverse frontage lots shall be avoided except where essential to provide separation of residential development from major traffic arteries or to overcome specific disadvantages of topography and orientation.

D-5 **Public Sites and Open Spaces**

a) Where the master plan or other city plan proposes a park, playground or school site, the Board shall require the reservation of such area within the subdivision in those cases in which the Board considers such requirements to be reasonable.

b) Where deemed essential by the Board upon consideration of the particular type of developemnt proposed in the subdivision, and especially in large scale neighborhood unit developments, the Board shall require the reservation of such areas or sites suitable to meet the need created by such development for schools, parks, playgrounds and other neighborhood uses.

c) The City of Nashua shall have six (6) months from date of final approval of the plot in which to purchase or reject the land so reserved.

D-6 **Street and Utility Improvements**

a) Street bounds shall be placed at all street intersections, points of curves, angle points, and at intermediate points as shall be required by the City Engineer. Street bounds shall be of such material, size and length as prescribed by the City Engineer.

b) Whenever public sanitary sewer is to be provided, sanitary sewer mains shall be installed and connections shall be made in accordance with the policy and specifications of the Board of Public Works.

c) Street width rights-of-way shall be apportioned in accordance with standards established by the City Engineer.

d) The grading of streets and the installation of storm sewers, gutters, and other drainage improvements shall be in accordance with plans and profiles approved by the City Enginer, and in accordance with the policy and specifications of the Board of Public Works.

e) The pavement base, pavement, and wearing surface of streets shall conform to the policy and specifications of the Board of Public Works.

f) Although these regulations do not require construction of sidewalks or curbs or the setting of edgestones, such sidewalks, curbs, or edgestones, when provided, shall be constructed or set in accordance with the policy and specifications of the Board of Public Works.

E-1 **Scale of Preliminary Layout**

The scale of the preliminary layout shall not be smaller than one hundred (100) feet to one (1) inch.

E-2 **Information to be Shown on Preliminary Layout**

a) Proposed subdivision name; names and addresses of owners of record, subdivider and designer.

b) Date, scale, northpoint, and legent explaining all symbols used.

c) Boundary lines and acreage of proposed subdivision.

d) Abutting subdivision names and names and addresses of owners of record of abutting properties.

e) Location of all existing streets, utilities, sewage and water systems, water courses, buildings, easements, open spaces, and other features within and immediately adjacent to the proposed subdivision.

f) Approximate location in adjoining streets and property of existing sewers, drains, water mains, gas mains, electric conduits and lines, or other utilities proposed to be extended and used on the property to be subdivided.

g) Location of all proposed streets, utilities, sewage and water systems, building lines, lot lines, easements, open spaces, and other features.

h) Existing Zoning and the proposed use of all land.

i) All parcels of land proposed to be dedicated to public use.

j) Contours at vertical intervals of not more than five (5) feet. Contours shall be marked with elevations based on the City datum plane. Bench marks may be obtained from the City Engineer's Office.

k) Where the preliminary layout or plat submitted covers only a part of the subdivider's entire holding, a sketch shall be furnished showing the proposed street system for the unsubmitted part.

l) Street grades, profiles, and typical cross sections

E-3 **Information to Accompany Preliminary Layout**

a) Copies of statements outlining the conditions under which any land is to be dedicated to public use.

Section F — Final Plat

F-1 **Drafting Standards**

The scale of the final plat shall not be smaller than fifty (50) feet to one (1) inch. The final plat shall be drawn and reproduced on sheets no larger than 24" x 36". When more than one sheet is required, an index sheet of the same size shall be prepared showing the entire subdivision at a lesser scale.

F-2 **Information to be shown on Final Plat.**

a) Proposed subdivision name or identifying title; names, signatures, and addresses of the owners of record; the subdivider, and the designer.

b) Date, scale, northpoint, and legend explaining all symbols used.

c) Subdivision boundary lines, street lines, pedestrian ways, lot lines, building lines, reservations, easements, areas to be dedicated to public use, and areas the title to which is reserved by the subdivider.

d) Location of all permanent monuments and sufficient date acceptable to the City Engineer to determine readily the location, bearing, and length of every boundary line, street line, and lot line; to reproduce such lines on the ground. All dimensions shall be shown to tenths of a foot and all bearings to at least one minute. All boundaries of the subdivision shall be made by survey in the field, which shall be balanced and closed, made by a registered professional Engineer or qualified surveyor and certified to be correct.

e) Abutting subdivision names or titles or, when abutting property is not a recorded subdivision, the names and addresses of the owners of record thereof, and the book and page where abutting subdivisions or properties are recorded.

F-3 Information to Accompany Final Plat

a) Evidence satisfactory to the Board indicating the ownership of the land in the proposed subdivision to be the subdivider or his principal or other agent.

b) A certificate from the Health Officer (where required) that the requirements of Section D-4 (d) of these regulations have been met.

c) Typical cross section and profiles of streets showing grades approved by the City Engineer. Profiles shall be drawn to city standard scales and elevations and shall be based on the city datum plane.

d) Statement signed by owner dedicating streets, right-of-way, and other sites to public use.

e) A certificate from the City Engineer that all improvements have been installed in accordance with the requirements of these regulations and in accordance with the action of the Planning Board giving an expression of approval of the preliminary layout.

OR

The Planning Board may accept a bond, in an amount and with sureties and conditions satisfactory to it, providing for and securing to the City of Nashua the actual construction and installation of such improvements and utilities within a period specified by the Planning Board and expressed in the bond.

OR

An escrow agreement in a bank licensed by the State of New Hampshire or the United States Government certified by the City Solicitor as valid and enforceable by the City and in sufficient amount to assure such completion of all required improvements. These regulations to take effect upon passage.

REPORTS OF CITY DEPARTMENTS FOR THE YEAR ENDING 1965

REPORT OF THE BOARD OF ASSESSORS

June 6, 1966

To Mayor Dennis J. Sullivan
Members of the Board of Aldermen

Gentlemen:

The Board of Assessors herewith submit the annual report for 1965.

The Board of Assessors and staff for 1965: Chairman David P. Stevens, Paul E. Sirois and Richard G. Ethier. Office staff: Louis A. Richard, head clerk, Mrs. Lois Moran, stenographer and Mrs. Rela Burns, clerk.

The year 1965 was another very active year with considerable number of real estate sales and many new buildings.

The 1965 total valuation of the City of Nashua was $93,783,279 an increase of $4,287,983. This increase of more than four million dollars was one of the largest increase in the city's history. The increase of home construction, new industrial plants and commercial buildings, together with many building additions and alterations resulted in additional work for Assessors and staff.

A large number of adjustments were recorded in line with the equalization program of the Board. A request was made for a complete equalization and re-valuation program and this is under study by the Aldermen.

A tax rate of $72.00 was approved by the State Tax Commission, an increase of $2.50 per thousand. The large increase in valuations checked a much higher tax rate of 1965.

There was another increase in number of inventories mailed out. In 1965, 12,143 inventories were mailed, an increase of 906. Veterans exemptions continued to climb and have reached $3,273,352 an increase of $128,722.

All records in the Assessors office are open for public inspection during office hours and the Board and staff are ready and willing to assist all property owners.

Respectfully submitted,

DAVID P. STEVENS, Chairman

PAUL E. SIROIS

RICHARD G. ETHIER

ANNUAL REPORT OF THE BOARD OF FIRE COMMISSIONERS FOR THE FINANCIAL YEAR OF 1965 CITY OF NASHUA, NEW HAMPSHIRE

TO THE HONORABLE MAYOR AND BOARD OF ALDERMEN:

Gentlemen:

The Board of Fire Commissioners herewith submits its Annual Report for the year of 1965.

The Board met on January 1st 1965 and organized by electing J. H. McLaughlin, Chairman-Clerk, R. F. LaRose, Purchasing Agent.

OPERATING PERSONNEL

The operating personnel was on the three platoon system of the Fire Department as follows: Chief, 1st Deputy, 2nd Deputy, 3rd Deputy, Supt. of Fire Alarm, Master Mechanic, 8 Captains, 9 Lieutenants, 82 Privates.

FIRE APPARATUS

The following is a list of apparatus stationed in all Stations: 1 - 1965 Chevrolet, 1 - 1965 Chevrolet Ranch Wagon, 1 - 1959 International Fire Alarm truck, 1 - 1963 Chevrolet Maintenance truck, 1 - 1963 Chevrolet Fire Prevention car, 1 - Mack 1956 Engine, 1 - GMC FWD Engine 1957, 1 - Mack Engine 1947, 1 - Mack Engine 1958, 1 - Mack Engine 1957, 1 - Mack Engine 1962, 1 - Maxim Engine 1942, 1 - 1937 Chevrolet Engine, 1 - Mack Engine 1949, 1 - Mack Engine 1958, 1 - Mack Engine 1947, 1 - 1946-85' American Lafrance Aerial Ladder, 1 - 1959-75' Mack Aerial Ladder, 1 - 1965 International 1600 Gal. Tanker.

FIRE PREVENTION BUREAU

During the year of 1965 the Fire Prevention Bureau transacted 17,182 items of business which concerns dwelling inspections, investigations, complaints, mercantile inspections, heating installation inspections, school inspections, fire drills, places of Assembly, industrial inspections, clubs, public buildings and other duties which pertain to fire prevention.

We would like to thank the Public Service Company for the assistance given to us during the past year, the Nashua Police Dept., the Nashua Chamber of Commerce, the Boy Scouts of America for the many services rendered to the fire prevention bureau.

Our many thanks to the merchants, the owners and occupants of dwellings, Administrators of Institutions, the many Manufacturers who willingly accept our recommendations in the prevention of fire. The American Legion Band and the Veteran's of Foreign Wars Band who donated their time and music for our annual parade.

To the Editor of the Nashua Telegraph, the management of Radio Stations W.S.M.N. and W.O.T.W. who so willingly allocate time and space in conveying our messages as a public service to the community in the Prevention of Fire.

DRILLMASTER

Personnel have taken part in 115 training sessions totalling 460 hours conducted by the Training Officer; also 175 house drills were conducted by Company Officers for a total of approximately 350 hours of in-station training. These sessions have included training in all tools and equipment used in fire suppression, hydraulics involved in the movement of water, pumping procedures, and different methods of rescue.

The Personnel had training at Pease Air Force Base; aircraft fire and rescue; a training session was given locally by the SAC Base Fire Instructor. Firefighters were also taken thru several manufacturing plants in the City for training in pre-fire planning.

The Training Officer attended advanced courses at the University of N. H., Rutgers State University, and attended a course on Foam given by the Rockwood Company.

FIRE ALARM SYSTEM

During the year 1965 the Fire Alarm System was maintained and increased in many ways. Added nine new boxes to the system; five street and four master boxes. With these increases it brings our total to 281 boxes. To operate these boxes, 1½ miles of wire, and 1 mile of self supporting aerial cable was installed. Another mile of Aerial cable was installed to replace old steel wire. With these increases it brings our total to 113.6 miles of wire to operate ten circuits.

All fire alarm boxes were tested six times during the year. All fire alarm systems in 27 schools have been tested twice during the year; in August and in December. Completed retiming all boxes from ¾ second timing to ½ second timing. This is to speed up operation of boxes coming in to Fire Alarm Headquarters. All records required by the National Board of Fire Underwriters were kept up to date.

Respectfully submitted,

J. H. McLAUGHLIN
H. A. FORTIN
R. F. LAROSE
Board of Fire Commissioners

First National Bank of Boston	1,450.00	
Total Disbursements	$ 21,406.65	
Balance December 31, 1965		$123,470.35

In 1965 the growth of the City of Nashua surpassed any previous year in its history. The addition of 431 new residential structures containing 546 living units required the extension and expansion of all public works services. For the first time the department expenditures exceeded $1,000,000.00.

STREETS

The city's street network was expanded by the acceptance of 23 new streets or extensions of existing streets. These were treated with 150,000 gallons of tar and asphalt. Over forty miles of existing streets were resealed with liquid bitumens. Three and a half miles of arterial and major streets were resurfaced with asphaltic concrete pavement.

Three streets were rebuilt and surfaced with asphaltic concrete.

In 1965 6,900 feet of sidewalks were constructed on South Main Street and Ledge Street for the protection of children walking to school.

Storm drainage was installed in nine sections of the city that had experienced flooding damage.

ACCEPTED STREETS

	Length	R.O.W.
Bates Drive — from Hills Ferry Rd. to Hills Ferry Rd.	1600'	50'
Charron Avenue — from Amherst St. to Pine Hill Road	1975	50
Cypress Lane — from Pine Hill Rd. west	1000	50
Dora St. (Portion) — from Lund Road east	440	50

STREET NAMES CHANGED

Halleck St. — Name changed to Wellman Ave.
Roxbury Ave. — Name changed to Beauview Ave.

SEWER CONSTRUCTION

In 1965 the city sewerage system was extended 16,244 feet by developers in new sections of the city. The city constructed, by contract, 8,400 feet of sewer main in the Hobart, Glenwood Streets section. The city forces constructed an additional 2,563 in several other areas of the city. Approximately 400 buildings were added to the sewer service system.

Two sewage pumping stations were installed by developers and one was built by the city.

A study of the storm drainage for the central area of the city was completed by Camp, Dresser & McKee.

A preliminary study of sanitary sewarage needs in the Hassells Brook Drainage area was also completed by Camp, Dresser & McKee.

SEWER MAINTENANCE & TREATMENT

In the past year the Treatment Plant processed 349 M. G. of raw sewage. The Komline Sanderson Coil Filter dewatered 718,555 gals. of raw sludge and 186 tons of dry sludge was disposed of. The amount of chemicals used in processing was 4,706 lbs. of anhychous ferric chloride and 47,850 lbs. of hydrated lime. The cost of operation was $31,325.50.

, FLOOD CONTROL DIKES

The Flood Control Dikes were maintained and mowed as required. The semi-annual inspections were made by Corps of Engineers — U. S. Army Engineer Division, New England. All necessary reports were made as required by them. The cost of operation was $1,072.80.

PUMPING STATIONS

During the past year two new stations were added making a total of nine lift stations operated at a cost of $5,757.33. Lagoon northwest area of the city operated at a cost of $438.24.

SEWER MAINTENANCE

In the past year 6½ miles of lines were reeled and four miles of lines were dragged. A new set of drags were put in operation in May of last year. Fifty inverts were built and twenty manhole covers raised. One hundred forty-seven calls were received for various sewage problems. The Eductor cleaned a total of 2,430 catch basins. The operating cost was $38,475.98.

RUBBISH COLLECTION & DISPOSAL

Rubbish disposal is still Nashua's biggest unsolved problem. Burning in the Wilco Tepee has conserved 90,000 cubic yards of disposal volume per year. However, the fact that one Tepee does not have the capacity to burn all the burnable rubbish in Nashua, the delay in purchasing a second Tepee has made it necessary to fill 110,000 cubic yards (10 acres of land filled 10 feet deep) with a year's production of rubbish instead of 20,000 cubic yards (5 acres 3' deep). The land leased from the Nashua, N. H. Foundation for a twenty year period will be filled by 1967 and additional disposal area will be needed.

The quantity of rubbish collected in the city is increasing each year. This is due to the increase of population and the fact that a greater part of the City is being serviced each year.

GENERAL

The side walls of the Main Street Bridge over the Nashua River were refinished with concrete.

JOEL B. HILL
Administrative Officer

To His Honor the Mayor and Board of Aldermen
City of Nashua, New Hampshire

Gentlemen:

The following is the Annual Report of the Zoning Board for the year ending December 31, 1965.

The membership of the Board consisted of the following:

George Charpentier, Chairman
George Pappademas, Vice-Chairman
Maurice Lemay, Clerk
Steven Vandalosk and William Barry, Members
Atty. William Barry resigned July 27, 1965
Mr. Charles F. Kazlauskas, Jr. was appointed member of the Board August 10, 1965.

Public hearings and meetings as required were held at frequent intervals during the year for the convenience of non-conforming petitioners for the purpose of making decisions upon their requests and also for the conduct of the affairs of the Board.

Building Permits	$ 3,774.00	
Electrical Permits	990.00	
Plumbing Permits	2,830.50	
		$ 7,594.50

Respectfully submitted,
JOEL B. HILL
City Engineer

June 9, 1966

Mr. Edward LeBlanc, City Clerk
City Hall, Main Street
Nashua, New Hampshire
Dear Mr. LeBlanc:

Enclosed you will find an annual report on Housing by the Nashua Housing Authority for insertion in the Year Book or City Report.

Very truly yours,
JOHN H. COLLINS
Executive Director
Nashua Housing Authority

ANNUAL REPORT OF THE NASHUA HOUSING AUTHORITY FOR THE CITY OF NASHUA

Following is an explanation of the functions of the Nashua Housing Authority Low-Rent Housing Program.

The primary purpose of the public low-rent housing program authorized under the United States Housing Act of 1937, as amended, is to assist the States, counties and cities through Local Housing Authorities, to provide decent, safe and sanitary dwellings at low rents for families of low income and to eliminate unsafe and insanitary housing conditions. The following are the principal features of this program:

a. In order to participate in the low-rent housing program, the States authorize the creation of Local Housing Authorities; and the city, county, or regional area brings its Local Authority into being by appropriate legal action.

b. The low-rent projects are developed, owned and operated by the Local Authority with the financial and technical assistance of the Department of Housing and Urban Development.

c. The Department of Housing and Urban Development can provide financial assistance for low-rent housing only where the local community has determined that it wants and needs such housing. The first such determination, of course, is in the creation of the Local Housing Authority. The local governing body is also required to approve the Local Authority's application for a Preliminary Loan for surveys and planning, and enter into a Cooperation Agreement with the Local Authority.

d. When a Local Authority finds there is a need in its locality for low-rent housing for low-income families that is not being met by private housing, it may make an application to the Department of Housing and Urban Development for a "Program Reservation". A Program Reservation, when made by the Department of Housing and Urban Development sets aside a certain number of units for the community. The Local Authority may get a Preliminary Loan to pay for preliminary surveys and planning of its projects. The Local Authority, after it has chosen the site and decided on the general plan of a project, incorporates its determinations in a Development Program. This Development Program forms the basis on which the Department of Housing and Urban Development enters into an Annual Contributions Contract with the Local Authority. The Local Authority then proceeds with the completion of plans, purchase of the site, and construction of the project. Planning is done by private architects selected by the Local Authority, and construction is accomplished by private contractors on the basis of open, competitive bidding.

e. The Local Authority is required to operate each project solely for the purpose of providing decent, safe, and sanitary dwellings within the financial reach of families of low income. The Local Authority is further required to operate each project efficiently and economically, and to maintain its serviceability.

f. Rents charged to tenants are based on the income of the family and the number of minor children in the family — not the size or location of the dwelling unit.

g. The Local Authority shall not discriminate because of race, color, creed, or national origin in the sale, leasing, rental, or other disposition of housing or related facilities (including land) included in any Project or Projects initially covered after November 20, 1962, by a contract for annual contributions under the United States Housing Act of 1937, or in the use or occupancy thereof. The Local Authority shall not, on account of race, color, creed, or national origin deny to any family the opportunity to apply for such housing, nor deny to any eligible applicant the opportunity to lease or rent any dwelling in any such housing suitable to its needs.

The Housing Authority's future plans are:

1. To complete for occupancy the Ledge Street Project on Eleventh Street. This Project contains 20 units of three bedrooms and ten units of four bedrooms for general occupancy.
2. There is a tentative site approval for an additional one hundred units of low-rent designed for the elderly situated on a site in the downtown area easily accessible to the Nashua shopping districts and places of worship.

JOHN H. COLLINS

Executive Director

NASHUA HOUSING AUTHORITY

REPORT OF THE CITY SOLICITOR

YEAR ENDING 1965

June 6, 1966

To His Honor the Mayor
and the Board of Aldermen
City Hall
Nashua, New Hampshire

Gentlemen:

During the year 1965 I performed to the best of my ability all the duties appertaining to my office as City Solicitor. Upon request I have drafted all Resolutions, Ordinances, Contracts, Deeds, Leases, Easements, Written Opinions, and all other legal instruments affecting the City of Nashua.

I have prosecuted several civil actions brought by order of the City, and have appeared in defense of all law-suits brought against the City and its officers in their official capacity.

I have also prosecuted criminal cases in Municipal Court whenever requested by the Chief of Police.

Respectfully submitted,

LEO R. LESIEUR
City Solicitor

REPORT OF TRUSTEES AND LIBRARIAN

NASHUA PUBLIC LIBRARY — 1965

THE VALUES OF KNOWLEDGE
in the conflict of
truth and error

". . . the ultimate good desired is better reached by free trade in ideas . . . the best test of truth is the power of the thought to get itself accepted in the competition of the market . . . It is an experiment, as all life is an experiment . . . we should be eternally vigilant against attempts to check the expressions of opinions we loathe and believe to be frought with death, unless they so imminently threaten immediate interference with the lawful and pressing purposes of the law that an immediate check is required to save the country."
—Mr. Justice Holmes (dissenting), 1919.

TRUSTEES' REPORT FOR 1965

To Mayor Mario J. Vagge, the Nashua Board of Aldermen and the Citizens of Nashua:

The Trustees of the Nashua Public Library take great pleasure in presenting to you this report of the activities of the library for 1965.

The single most important event of the year was the appointment of an Aldermanic Library Study and Building Committee. This Committee, appointed by the President of the Board of Aldermen, Francis J. LaFlamme, included: Aldermen-at-Large Thomas J. Leonard, Jr. and Raymond W. Hackett; Aldermen James H. Larrabee, Donald R. Hardy, Roland A. Bouchard, Gerard A. Charest, and Raymond L. Bechard; Mayor Mario J. Vagge and Francis J. LaFlamme.

The Aldermen working with the Library Trustees in a Joint Committee studied the present and future needs of the Nashua Public Library. The Joint Committee and its two subcommittees, the Site Committee and the Building and Architect Selection Committee, met many times during the year. Their unanimous conclusion was that Nashua needs a new central library now. The Joint Committee unanimously recommended that a bond issue resolution in the amount of $1,100,000.00 be presented to the full Board of Aldermen for action.

The bond issue resolution was subsequently presented to the full Board of Aldermen, amended to $750,000.00, and lost by a nine to six vote, lacking one necessary vote for passage.

The Trustees are grateful to Mayor Mario J. Vagge, President of the Board of Aldermen Francis J. LaFlamme and the members of the Board of Aldermen who served on the Joint Committee and who gave generously of their time and understanding for the new library. The Trustees feel confident that once the new Aldermanic Library Study and Building Committee meets with the Trustees in the new year and become aware of the circumstances and conditions of the library that the proposal for construction of a new central library will have sympathetic interest and backing.

While the Trustees and the Librarian have been immersed in the new library program, the Librarian and his staff have continued to provide library service of exceptional quality despite the handicap of inadequate facilities. It is a pleasure to record our appreciation of their high sense of duty.

Respectfully submitted,
FREDERICK H. DOBENS
Chairman
Library Board of Trustees

LIBRARIAN'S REPORT FOR 1965

To the Board of Trustees of the Nashua Public Library:

A REVIEW — 1958 - 1965

This report of the library tells of the events of the last eight years which have enabled the library to become a truly dynamic institution. It's the story of the acceptance of the book as a vital and essential ingredient in the life of a growing and changing community.

This report could not have been written except for the dedication, interest and hard work of the Board of Library Trustees, of Mayor Mario J. Vagge, whose interest in books and education has always been self-evident, and on the part of a sympathetic and cooperative Board of Aldermen.

1958—**Book Collection** — For the past eight years, backed by the Library Trustees, Mayor Mario J. Vagge and the Nashua Board of Aldermen, the library has developed an outstanding collection of books. Hundreds of older titles of proven worth and newer ones which interpret for the reader the varied world of today have been purchased. The phenomenal increase in the use of the library proves the value of this support. People who move to Nashua from larger cities have expressed surprise and wonder at the quality of the collection.

1958—**Audio-Visual** — Accrued interest from the Jaquith Fund was used to purchase one 16mm sound projector and loud speaker. Response to film programming in the library has been spectacular. Membership in the North Country Libraries Film Co-operative enabled the library in 1965 to circulate 934 educational films to 226 different clubs and organizations with 32,832 viewers.

1959—**Bookmobile** — Twenty-one neighborhood stops, visits to the Mt. Hope School, Vagge Village and public schools and a circulation of 101,760 volumes in 1965 proves the worth of this investment.

1959—**Microfilming** — An increase in the microfilming appropriations has made it possible to have all the available copies of the Nashua newspapers on film. Old and irreplaceable books and documents are now being photographed for the benefit of future generations.

1960—**Chandler Memorial Library** — Through the efforts of Trustees Frank B. Clancy and Edward C. Smith and an interested city administration the home of Miss Mabel Chandler was opened as a branch library in 1960. The city's first collection of books chosen for junior and senior high school students was housed here. The building is strategically located near five schools and circulated 76,942 volumes in 1965.

1960—**Business Library** — The success and popularity of this library has developed to such an extent that it is no exaggeration to say that it has become a vital and important arm of the business community.

1961—**Music Room** — Accrued interest from the Hussey Fund was used to purchase two fine record players with stereophonic headsets. A loudspeaker in the Music Room and another to connect with the main library was also installed. An outstanding basic collection of recordings which included classical and semi-classical music, religious and folk music and musical comedy favorites were purchased and housed at the Chandler Library. Here, also, is housed the library's collection of opera scores.

1962—**Art Room** — The continued expansion of library services in the Fine Arts field saw the opening of the Art Room at the Chandler Library in 1962. A distinctive collection on the history of art, philosophical discussion of art, collections in famous museums, lives of artists and their work, art forms and the geography of art forms the synthesis of this collection.

1963—**Art Reproductions** — Through the generosity of Mr. and Mrs. Robert B. Hamblett, the Nashua Public Library was able to purchase framed reproductions of famous paintings. They are loaned just the way books are. Three hundred four reproductions circulated in 1965.

1964—**Inventory** — The first complete inventory of books in many years was carried out. This long-drawn-out process, executed personally by Miss Rachel A. Sanborn and Mrs. Emma M. Tostevin, was justified because it showed hundreds of titles which should be discarded, titles which should be replaced and showed where the collection needed to be strengthened. It also proved the existence of 107,051 books.

1964—**Photocopying Machine** — The installation of a photocopying machine in 1964 has saved many hours of tedious copying of diagrams and statistics for students and adults alike. Many persons come to the library for this purpose only and suddenly discover the world of books.

1965—**School-Library Program** — An organized program of library orientation for fifth and sixth graders was instituted this year. Staff from the Children's Department went three times to each fifth and sixth grade class. The program included instruction in the use of the card catalog, knowledge of the Dewey Decimal Classification System, introduction to other literature and the form and make-up of a book. The response and success of this program by students and teachers was most rewarding.

The FUTURE — Underlying everything thus far reported is that the Nashua Public Library's unique and special contribution as an educational institution offers great challenges for the future. A new building program in Nashua, of course, is an immediate challenge. A continued and concerted effort to focus public attention on reading as a source of personal fulfillment and the importance of reading in our community and national life will be the largest challenge.

TO THANK YOU . . .

"The gift hath made me happy."

—Shakespeare, "Two Gentlemen of Verona."

No report of the Nashua Public Library is complete without its note of thank-you's. As always, the library is grateful for the kindness and favors received from the many donors of gift books and phonograph records, to the Nashua Telegraph, WOTW and WSMN.

We are especially grateful to Mr. and Mrs. Aaron Harkaway, for their memorial gift, to Jean's Foodland, Nashua Federal Savings and Loan Association, Mr. and Mrs. Albert Lewitt and Archie Slawsby.

In conclusion, I wish to thank the Trustees who gave so generously of their time, advice and talents during this difficult, but eventful year.

I want to express my sincere appreciation to each and every person on the library staff.

Respectfully submitted,

JOSEPH G. SAKEY
Librarian

REPORT OF THE PARK-RECREATION COMMISSION

December 31, 1965, Nashua, New Hampshire

To His Honor, The Mayor, and the Board of Aldermen:

Gentlemen:

The Park and Recreation Commission respectfully submits its annual activities report for the year 1965.

Respectively submitted,

GEORGE G. GOULET, Chairman
WALTER RAYMOND, Vice-Chairman
EDMUND SWEENEY, Clerk
I. SEYMORE GOODMAN, Commissioner
WILFRED GRANDMAISON, Commissioner

ANNUAL ACTIVITIES REPORT

PARK-RECREATION DEPARTMENT

BIDDY BASKETBALL (Boys)

The Boys' Biddy Basketball League consists of fourteen teams with boys ranging in age from nine to thirteen years. This year the schedule began in December and the boys played games on Friday nights and Saturday mornings. Approximately 300 boys take part in this activity during the months of December, January, February and March. The Board of Education allowed, as in the past, the following school auditoriums to be used. They were: Charlotte Avenue, Ledge Street, Junior High, and Fairgrounds, and Fairgrounds Junior High, and Senior High School gym on Elm Street.

A new league was formed to give new boys of ages eight to twelve a chance to learn the game of basketball. From here they graduate to the regular Biddy Basketball League. There are approximately 70 boys participating in this program.

BIDDY BASKETBALL (Girls)

There were six Girls' Biddy Basketball teams again this year. There were approximately 200 girls who took part in this League. Their schedule also started in December and games were held on Friday nights and Saturday mornings. The same school auditoriums were used through the courtesy of the Board of Education.

The girls, also have a new league, which was formed to help new girls from ages eight to twelve to learn the game of basketball. They too are then graduated on to regular basketball teams. Approximately 60 girls participate in this league.

J. V. BASKETBALL

This newly formed league was such a success in 1964 that it was continued throughout 1965. This league accommodates boys ranging from thirteen to sixteen years of age.

The J. V. Basketball League consists of five teams and there were approximately 150 boys who participated. As in Biddy Basketball, the J. V. schedule also started in December. All games were played at the high school gym on Elm Street. They are played on Friday evenings, and Saturday afternoon.

SUMMER BASKETBALL

A summer basketball league was formed by the Park Department. The league was made up of high school age boys, who played at the different playgrounds throughout the city. This was such a success, that it will be formed again this summer. There were approximately 100 boys who participated.

BASKETBALL COURTS

There were two new outdoor basketball courts built this year. One is at Massachusetts Drive, and the other at Erion Field.

SKATING

During the past winter season, there have been many fine days for skating. This year one new skating rink was added, known as the Navaho Playground skating rink, on Board Street.

There are also the rinks located at Atherton Avenue, Lyons Field, Textile Field, St. Andrews, Elk's Playground and North and South Common. Also, Pine Hill Pool is used as a rink.

WADING POOLS

The wading pools are located at North Common, Temple Street, Sullivan Park, Textile Field and Atherton Avenue. For the safety of the children, only about ten inches of water is allowed to accumulate in the pool. These pools are equipped with a sprinkler head. The water is always running.

BASEBALL

The Babe Ruth League consists of eight teams. Boys ranging in age from thirteen to fifteen take part. They are registered with the National Babe Ruth League, Inc. and play according to national rules.

An All Star Team was chosen from various teams and the players took part in the State Babe Ruth Tournament in Keene, N. H.

Nashua became runner-up in the State Tournament. They were defeated by Keene 3 to 1.

LITTLE LEAGUE

There are three little league parks in Nashua. One is known as North Little League, on Amherst Street, composed of five teams of fifteen boys per team.

South Little League, Textile Field, located on the corner of Seventh Street, and Grand Avenue, composed of five teams of fifteen boys per team.

East Little League, on Haines Street, known as the Robert Gardner Memorial Park, composed of five teams of fifteen boys per team.

A new Little League was formed, known as the Tee Baseball for boys not picked for Little Leagues. These boys range in age from eight to twelve. These games are played on Monday and Wednesday nights at the Dykes Field and Erion Field.

SOFTBALL

There are four Girls' Softball Teams and girls up to sixteen years of age may take part in this activity.

DANCES

On the third of July, a dance was held at the Indian Head Parking Lot with disc jockeys from W.O.T.W. providing the music.

A Youth Center dance was held at the Pine Street Office. A disc jockey from W.O.T.W., supplied the music. It was enjoyed by all.

GREELEY PARK

During the summer season (1965) many people enjoyed the facilities which are located in Greeley Park. The (24) twenty-four fire places were used as cookouts and family picnics. More tables were put out for the public use.

This year as in the past many youngsters enjoyed the playground equipment which includes slides, merry-go-rounds, swings, etc. There is also a small wading pool for the childrens' use.

The twelve Horse Shoe Pits were enjoyed by many people and teams. The City-wide tournament was held with thirty-five entries participating.

The plants are grown in the greenhouse at Greeley Park. The beds of flowers are planted at Greeley Park Deschenes Oval, the monument, Stark Square, Foster Square and other spots throughout the city.

POP WARNER FOOTBALL

In 1965 there were four local teams and two traveling teams. The four local teams are made up of the Steers, Pepsis, Bankers, and Marauders. The two traveling teams are the Jr. Colts, sponsored by the Nashua Colts of the New England Professional Football League, and the Crusaders, sponsored by the Park and Recreation Commission. Approximately 250 boys are in this league.

An All Star Game was played this year between the Crusaders and the four local teams. The best players were chosen from the local teams and competed with the Crusaders. The Crusaders won 50 to 0.

PERMITS

Permits, for the use of the various fields were issued to different teams free of charge.

PLAYGROUNDS

Many children attended the local playgrounds which were supervised by boy and girl playground supervisors. The supervisors organized games for the children and held various contests.

Softball and basketball leagues were formed and the teams competed at the different areas.

On the Fourth of July, a Field Day sponsored by the Park and Recreation Department, was held at Holman Stadium. Awards were given to the winners and refreshments were served. Approximately 1,400 youngsters participated in the days events. In the evening a gigantic fireworks display was enjoyed by 15,000 people.

W.O.T.W. Field Day was held at Greeley Park, in August, with over 3,000 children in attendance.

In August, a similar event was staged, sponsored by the Nashua Lodge of Elks.

At the close of the playground season, a playground party was held, ice cream, candy, and popcorn are distributed at each area. The Recreation Director, Alfred A. Arel, chose Ledge Street as the outstanding Playground of the Year. Carol Radzewicz, and Roger Fortin, playground supervisors, received the Scott Jewelry Award from Mr. Maurice Connor, manager of Scott Jewelry.

A new playground was established, called Navaho on Board Street.

ARTS & CRAFTS

Two Arts & Crafts Instructors visited the different playgrounds with coloring books, leather goods, gimp articles and other items. They taught the children how to make different articles.

TENNIS

The city wide singles and doubles tournament was held at the North Common courts. The winners of the singles were George Marineau, champ and Don Chartier, runner-up. The winners of the doubles were Don Chartier and George Marineau, champs, and Mike Lesieur and Wil Piekarski, runners-up.

SWIMMING POOL

As usual, all went well at Fields' Grove this year. Seven lifeguards were on hand at this pool. The Swimming Instructress and her assistant reported large classes which were held every morning. The concession stand was moved to the end of the bath house. Also, the bath house was raised three feet.

Everything ran smoothly at Centennial Pool in 1965. The Swimming Instructress and her assistant also had large classes and these were held daily. There were five lifeguards employed at this pool.

In 1965 a new pool was added on the Pine Hill Road. The Swimming Instructress and her assistant also had large classes, and these were held daily. There were five life guards employed at this pool.

Aquatic Days sponsored by the Nashua Kiwanis Club were held again this year at both Centennial Pool and Fields Grove. The youngsters from the Pine Hill Pool went to Centennial to participate in the event. The youngsters who were registered in the swimming classes participated in the races and other events. Awards were given to the winners of various races.

BANQUETS

Each year banquets are held for those who participated in the various leagues. At this time, trophies and awards are given out.

REPORT OF THE POLICE DEPARTMENT

June 8, 1966

Mayor Dennis J. Sullivan
and Members of the Board of Aldermen

City of Nashua
New Hampshire

SUBJECT: 1965 Annual Report of the Board of Police Commissioners

Gentlemen:

The Nashua Police Department was granted a 1965 appropriation of $545,589.00. Salaries and operating expenses amounted to $523,028.47. The unexpended balance of $22,560.53 was returned to city government. Police Department miscellaneous revenue was $22,412.16.

There were twelve appointments, three resignations, two retirements and one dismissal of Department personnel during the year.

There were two traffic fatalities during 1965; one motorcycle operator and one pedestrian, a reduction of two fatalities from 1964. The Department makes a major effort to reduce deaths and injuries resulting from motor vehicle accidents, and as one part of the program, major use is made of the two Department owned radar units.

Department members Bernard McLaughlin and Edmond Dionne retired. At the time of his retirement, Captain Bernard McLaughlin was the senior member of the Department having been appointed on December 23, 1922. Captain Edmond Dionne was appointed on September 29, 1942 and retired due to illness.

Howard F. Hammar was appointed Police Commissioner on January 28, 1965. Police Commissioner Daniel R. W. Murdock was reappointed on November 26, 1965, for a second term.

A new police ambulance was purchased in 1965 for the sum of $6,976.00 and was placed in service in August. The new ambulance is modern in every respect and will provide efficient, comfortable ambulance service for the citizens of Nashua.

With the cooperation of Nashua Public Library officials, the Department has made available to police personnel many books on police work. Volumes are available on beginning and advanced levels.

Several police personnel are attending St. Anselm's College, Manchester, N. H. and Northeastern University, Boston, Mass. The schools are offering credit courses in a variety of Police subjects. In addition to the college courses, many training and review programs were held for all members of the Department. As in the past, the Department has emphasized police training at all levels.

1965 was a busy year with over seventeen thousand requests for police service.

The Board of Police Commissioners believes that Nashua has an active, efficient Department, a Department that improves each year.

Respectfully submitted,

HOWARD F. HAMMAR, Chairman
Chairman
THEODE DUROCHER
Clerk
DANIEL R. W. MURDOCK

Respectfully submitted,
JAMES L. BICKFORD
President

During the course of the year 1965 there were 77 interments made. The severe drought conditions of 1964 made it imperative that we replace much grass, this made it necessary to reseed large areas and try to keep them growing during the season.

We graded and seeded more of the new section known as Cushing Park and extended water into this section to assure that we would not lose this new grass. We extended a new water system into part of Section X, and have plans to extend more into section W. The drought conditions were very severe again this past season, but we were able to use water this year, and should not have to replace too much grass in 1966.

All roads were regraded, and kept free of weeds, all lawns mowed, and cared for. The fence on Cushing Ave. and part of Amherst Street was repainted. All buildings repaired, and the paint touched up. A new fence on Cushing Ave. running from the end of the present fence to the end of the cemetery at Adams, and Cushing Ave. was erected.

All the trees were cared for, and pruned. We did not plant any new trees due to the drought.

REPORT OF THE WOODLAWN CEMETERY

To the Mayor and Board of Aldermen of the City of Nashua, N. H.:

The Board of Trustees for Woodlawn Cemetery respectfully submit their Annual Report for the Year Ending December 31st, 1965, as follows:

Total Book Value — December 31, 1965	$261,683.73

NOTES

The Trustees have, during the past year, installed a section of chain-Link Fence at the West End of the Cemetery, thus completing the fencing of the entire property.

They have, also, placed markers at two of the gates on the Hollis Street side of the Cemetery; and have installed a new heating system in the storage building in the rear of the greenhouse.

The next matter that is being considered by the Trustees is an overhaul of the sewer system inside the grounds, to be followed by the improvement of the avenues, which at times are impassable.

NOTES

The Trustees and Superintendent endeavour, at all times, to keep the Grounds and Buildings in as good condition as possible, have co-operated in the use of water in the dry weather, and done the best possible, with the resources which are available.

Respectfully submitted,

Trustees for Woodlawn Cemetery
NILES F. JENSEN
President
ROBERT N. FRENCH,
Secretary

Nashua, N. H., January 20, 1966
